Intermediate Intelligence Course (Scientific)

1. The Intermediate Intelligence Course (Scientific), initiated at the request of SAD/SI a year ago, has now been offered three times and completed by sixteen analysts and intelligence officers from OSI, ten from OCD, and three from OO. Student reaction has been favorable, and we will continue the course as long as a need for it exists.

2. The successful attainment of course objectives is in large measure due to the competence of the following subject matter specialists from your Office in presenting lectures and in leading seminar discussions:

In addition, the valuable assistance and whole-hearted cooperation of [redacted] [redacted] Training Liaison Officer/SI, has been much appreciated.
